Questions

EUNVIROMENT

ENVIRONMENTAL EMERGENCY IN
SIMPLE WORDS

Key environmental issues

1

What's the term for land turning into desert because of natural or human causes that reduce the biological productivity of lands?

- A) Soil exhaustion
- B) Land depletion
- C) Desertification
- D) Farm wasteland

2

Fast fashion contributes to environmental problems. What's its main impact?

- A) Pollution
- B) Noise Pollution
- C) Desertification
- D) Drought

3

What's the term for using a natural resource that has exceeded the capacity of a system?

- A) Overpopulation
- B) Land degradation
- C) Extreme Consumerism
- D) Overconsumption

4

When pollutants mix with rain and harm plants and animals, what's it called?

- A) Acid Rain
- B) Toxic Shower
- C) Chemical Drizzle
- D) Polluted Precipitation

5

What's damaging Earth's natural and human systems causing extreme weather events?

- A) World Heat-Up
- B) Planetary Fever
- C) Global Warming
- D) Climate Shift

6

What's the term for the loss of biodiversity caused by human activities like deforestation and pollution?

- A) Bio-Collapse
- B) Habitat Destruction
- C) Species Decline
- D) Ecosystem Disruption

7

Which practice involves making false or misleading assertions about a product or behaviour's environmental benefits?

- A) Advocacy
- B) Greenwashing
- C) Whitewashing
- D) Climate activism

8

What's the term for the process of converting natural landscapes into urban areas?

- A) Ruralization
- B) Urbanization
- C) City Sprawl
- D) Urban Expansion

9

Which environmental issue results from the melting of ice caps and glaciers and the expansion of seawater as it warms up?

- A) Aquifer Depletion
- B) Rising sea levels
- C) Global warming
- D) Deforestation

European and International Policies

10

Which agreement is based on the idea of "common but differentiated responsibility and respective capabilities."?

- A) Kyoto Protocol
- B) Montreal protocol
- C) Lisbon Treaty
- D) Sustainable Europe Agreement

11

What is the group that studies climate change and advises world leaders called?

- A) Climate Action Force
- B) Intergovernmental Panel on Climate Change
- C) Earth Watchdogs Society
- D) Global Climate Council

12

Which approach allows countries to trade pollution credits to reduce overall emissions?

- A) Emissions Trading System
- B) Pollution Permit Exchange
- C) Clean Air Swap
- D) Emissions Credit Program

13

Which international agreement aims to limit global warming to well below 2 degrees Celsius above pre-industrial levels?

- A) Paris Agreement
- B) Climate Accord
- C) Global Warming Pact
- D) Heat Control Treaty

14

What's the European Union's long-term plan to achieve climate neutrality by 2050?

- A) Clean Energy Directive
- B) Europe Green Deal
- C) Green Growth Initiative
- D) Carbon-Free Europe Vision

15

Which organization coordinates international efforts to promote renewable energy and sustainable development?

- A) International Renewable Energy Agency
- B) Global Sustainability Council
- C) Renewable Energy Alliance
- D) Sustainable Development Network

What's the goal of the Sustainable Development Goals (SDGs) adopted by the United Nations?

- A) Eradicating Poverty and Hunger
- B) Ensuring Clean Energy for All
- C) Promoting Gender Equality
- D) All of the Above

Consequences of Political Inaction

17

What's the term for people forced to leave their homes because of climate change?

- A) Climate Refugees
- B) Climate Evacuees
- C) Weather Wanderers
- D) Disaster Displaced

18

What's the unfair situation where some communities suffer more from pollution and environmental problems?

- A) Environmental Injustice
- B) Green Divide
- C) Eco-Inequality
- D) Nature Disparity

19

What do we call the impact of climate change on future generations?

- A) Intergenerational Justice
- B) Future Earth Equality
- C) Generation Gap
- D) Climate Legacy

20

What's the term for not having enough clean water for everyone?

- A) Liquid Crisis
- B) Water Scarcity
- C) Aqua Drought
- D) H2O Shortage

21

What happens when species disappear forever because of human actions, and there is a decline in the variety of species in an ecosystem?

- A) Species Extinction
- B) Biodiversity Loss
- C) Habitat Destruction
- D) Ecosystem Collapse

22

What's the term for the distribution of resources and environmental benefits in a way that is fair and equitable for all people?

- A) Environmental Equity
- B) Resource Justice
- C) Fair Sharing
- D) Equity Allocation

23

What's the term for the effect of Climate change that threatens cultural heritage sites, indigenous knowledge, and traditional practices?

- A) Economic impacts
- B) Food insecurity
- C) Biodiversity loss
- D) Loss of cultural heritage

24

Which environmental consequence refers to the decline in food production and availability due to climate change and environmental degradation?

- A) Food Insecurity
- B) Agricultural Crisis
- C) Hunger Catastrophe
- D) Famine Threat

25

Which environmental consequence refers to the negative health effects caused by exposure to pollution and environmental toxins?

- A) Toxin Exposure
- B) Pollution Syndrome
- C) Health Impacts
- D) Environmental Illness

Consequences of Political Inaction

26

Who started the movement where students worldwide skip school to protest for climate action?

- A) Greta Thunberg
- B) Penny Whetton
- C) Leonardo DiCaprio
- D) Luisa Neubauer

27

What's the strategy of peacefully breaking unfair laws to raise awareness about climate change?

- A) Peaceful Protest
- B) Civil Disobedience
- C) Green Rebellion
- D) Eco Uprising

28

Which organization protects endangered species, preserves natural habitats and promotes sustainable development?

- A) Rainforest Action Network
- B) Green Planet Alliance
- C) World Wildlife Fund
- D) Earth Guardians

29

What is the name of the event that marks the day when humanity has used up all the natural resources that the Earth can replenish in a year?

- A) Environmental limit day
- B) Earth overshoot day
- C) Eco protection day
- D) Earth strike

30

Which group of young activists organizes strikes and protests to demand action on climate change?

- A) Fridays for Future
- B) Earth Protectors
- C) Climate Champions
- D) Eco Avengers

Consequences of Political Inaction

31

What energy source uses heat from inside the Earth to generate power?

- A) Geothermal Energy
- B) Earth Power
- C) Subterranean Energy
- D) Underground Heat

32

What's the name of the approach that wants to restore and improve the soil, plants, and ecosystem health using crop rotation, cover cropping, and natural fertilisers?

- A) Wind energy
- B) District heating
- C) Regenerative agriculture
- D) Waste recovery

33

Which renewable energy comes from flowing water, like rivers and waterfalls?

- A) Hydropower
- B) River Energy
- C) Water Power
- D) Flow Force

34

What's the idea of using resources wisely by recycling and reusing as much as possible?

- A) Circular Economy
- B) Resource Renewal
- C) Green Recycling
- D) Sustainable Circulation

35

What's the concept of making polluters pay for the carbon they release into the atmosphere?

- A) Carbon Tax
- B) Emissions Fee
- C) Pollution Charge
- D) Carbon Cost

36

What phenomenon refers to the process by which waste is transformed in order to be used for a new purpose or to substitute materials within other industrial processes or products?

- A) Sustainable development
- B) Renewable agriculture
- C) Waste recovery
- D) Thermal reuse
